Structure Information

Using the lists and diagrams below, indicate dimensions and glazings/coverings for your project.

New	Existing															
House	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	
Number of ranges:																
Bays per range:																
Gutter height (ft):																
Knee wall height (ft):																
Bay width (ft):																
Bay length (ft):																
Peak height (ft):																
Structure type*:																
Glazing/Covering (from list)																
Side wall:																
Gable wall:																
Roof:																
Kneewall:																

Glazing/Covering List:

1. Polyethylene Film, Single
2. Polyethylene Film, Double
3. Acrylic Film, Double
4. Polycarbonate Sheet, 16mm
5. Polycarbonate Sheet, 8mm
6. Polycarbonate Sheet, 6mm
7. Polycarbonate Sheet, Triple Wall
8. Polycarbonate Sheet, Corrugated
9. Fiberglass
10. Glass, Sealed
11. Glass, Lap
12. Concrete, 4"
13. Concrete, 8"
14. Concrete, Block
15. Wood
16. Metal
17. Insulated (R-Value)
18. Other:

Structure Types:

Fuel Usage

Wondering how much fuel you've used?

You'll find usage listed in therms for natural gas and gallons for propane. If your bills show these units, perfect!

Please attach statements that cover your full growing season.

Setpoints

Please input the lowest temperature setpoints for the greenhouse. If the greenhouse does not operate that month, please put an X in the box.

Multiple Utility Bills

If your facility has multiple bills, please list the bill file name and the greenhouses associated with that bill.

Site Sketch Checklist

Please sketch your site, including:

- Structure footprint and dimensions
- Aisles and walkways (locations and sizes)
- Bed or bench dimensions
- Control zones required
- Boiler/Mechanical room
- Indication of existing and retrofit items
- North arrow
- Doors
- Utility locations
- Water system (storage and fertigation)

A large grid of squares, approximately 30 squares wide and 40 squares high, intended for sketching the site layout.
